Termination of Investment Operations for MISAKI ENGAGEMENT MASTER FUND

As of June 30, 2026, Misaki Capital Inc. has concluded investment operations for the MISAKI ENGAGEMENT MASTER FUND.

Since the inception of the fund in 2014, we have dedicated ourselves to long-term, focused investing and active engagement.

Following the completion of the leadership succession (full transition of management authority) from the founder, Yasunori Nakagami, in February 2026, the new management team decided to bring the current fund's operations to a close based on their independent judgment.

We extend our heartfelt gratitude to all our investors and stakeholders who have supported our investment activities over the years.

Going forward, Misaki Capital plans to launch a new engagement fund under a renewed management structure. Further details will be announced by the new leadership team once finalized.
